SKILL HIGHLIGHTS

Frontend Development

React JS	Next JS	Vite
Tailwind CSS	Javascript	Typescript

Backend Development

Node JS	Express JS	Middleware
Prisma (ORM)	NextAuth	JWT
Supabase	Resend	API Integration

Programming Languages

SQL	Python	Javascript
-----	--------	------------

Other Tools and Integrations

GitHub	Calendly	Vercel
--------	----------	--------

Data Engineering

Data Factory	Data Lake Storage	Azure Databricks
Synapse Analytics	Data Pipelining	ETL

Databases

PostgreSQL	MongoDB
------------	---------

Certificates (For more visit)

github.com/mudassirsidiki/certificates

Microsoft PL-300: Power BI Data Analyst Certification
Successfully passed the Microsoft PL-300 exam, validating my ability to prepare, model, visualize, and analyze data in Power BI and deliver actionable insights.

AI for Developers Certificate - DataCamp
Earned the AI for Developers certification from DataCamp, demonstrating expertise in integrating AI tools, automating workflows, and leveraging AI models to build intelligent, developer-focused applications.

Data Engineer Associate Certificate - DataCamp
Achieved the Data Engineer Associate certification from DataCamp, demonstrating expertise in data pipelines, ETL processes, and database management for analytical solutions.

Data Scientist Associate Certificate - DataCamp
Earned the Data Scientist Associate certification from DataCamp, validating skills in statistical analysis, machine learning, and Python-based data science workflows.

Certificate of Appreciation for Securing 18th Position in SSC Part 2, Karachi Board
Achieved the 18th position in SSC Part 2 from the Karachi Board, receiving a Certificate of Appreciation.

EXPERIENCE

- Dalda Foods Limited**
Research Analyst Sept 2024 - Present
Frontend Developer
 - Complaint Ticketing System**
 - Built an end-to-end complaint ticketing system using Next.js, Tailwind CSS, Shadcn/ui, and MongoDB.
 - Enabled tracking of complaints from customer care logging to final closure, ensuring visibility at every stage.
 - Integrated multi-stakeholder authentication for secure access and role-based actions.
 - Streamlined complaint management, reducing resolution delays and improving accountability.
- Market Visit Data Collection Form**
 - Designed and developed an online data entry platform using Next.js and Tailwind CSS to record sales team market visit details.
 - Integrated with MongoDB for secure and scalable data storage.
 - Enabled centralized access for the sales and analytics teams to monitor field activities in real time.
 - Structured the database to support advanced analysis and reporting for decision-making.

EDUCATION

Master’s in computer science - Ongoing
NED University of Engineering and Technology
Currently pursuing a Master’s in Computer Science at NED University of Engineering and Technology.

Intermediate (Pre-engineering)
Grade A+ with 86%
Adamjee Govt. College | Karachi
I enrolled in the top-ranked college in my city for my Intermediate studies, achieving an A+ grade. I distinguished myself by ranking in the top 10% of the highest scorers in the city.

Matriculation (Computer Science)
Grade A+ with 93.5%
The Crescent Academy | Karachi
Achieved **18th position** in Karachi in SSC Part 2, recognized with a PKR 5,000 award from the Government of Pakistan.

PROJECTS

- E-commerce & IT Services Websites - Full-Stack Development**
- Designed and developed fully responsive platforms with dynamic product listings and user-friendly navigation.
 - Implemented authentication and user management using NextAuth for secure logins.
 - Integrated backend APIs with Node.js and MongoDB for seamless data handling.
 - Enhanced customer interaction by embedding Calendly for appointment scheduling.

- Portfolio Website with 3D Integration**
- Built a personal portfolio using Next.js to showcase skills, projects, and achievements.
 - Integrated 3D animations using spline and models for engaging user experience.
 - Implemented dynamic sections (About, Skills, Projects, Contact) with smooth transitions.
 - Applied Tailwind CSS and shadcn UI to maintain a professional dark-themed layout.

- Business Intelligence Portal - Frontend Development**
- Developed a modern portal to collect and display consumer product reviews for Dalda Foods.
 - Designed intuitive dashboards and filters for real-time insights.
 - Implemented smooth transitions and animations for better UX.
 - Focused on responsive, cross-platform compatibility using Tailwind CSS.

- Additional Projects**
- Created Netflix, Binance, Spotify, and Twitter clones using React.js for hands-on experience.
 - Implemented media streaming and interactive UI components.
 - Applied consistent styling with Tailwind CSS for each project.
 - Enhanced functionality through API integration and dynamic routing.
